Travel Rates:

Rates include travel within San Diego and Orange Counties.

Weddings in Dallas/Fort Worth will be billed for one round-trip airfare to/from San Diego.

Please inquire about our reasonable travel rates to other locations.

Albums

Each album is custom designed from a combination of your favorite images and our studio selections.

Your album will be handcrafted using archival materials including museum-quality papers, expert binding services, and stylish covers. You will have the opportunity to review a digital proof of your album layout and make changes prior to the album being printed and bound.

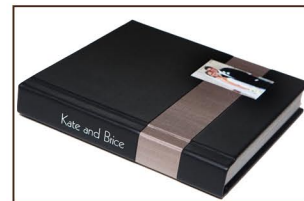

Classic Album

A 10x10, 36 page album with approximately 80 images. Classic albums keep it simple and elegant with your choice of a black or brown European leather cover with one image inset into the front. Your names can also be embossed on the cover or spine of the album.

Modern Album

A 10x10, 50 page album with approximately 100 images. Modern albums have a large variety of cover and customization options including European and exotic leathers, exquisite Japanese bookbinding silks, image front covers, ultramodern acrylic covers, and custom embossing and branding. Our design team will recommend several custom cover options for you to choose from.

Signature Series Album

A 12x12, 60 page album with approximately 140 images. Our Signature Series albums have a multitude of cover choices including leathers in a large variety of colors and textures, designer silks, image covers and even cutting-edge styles like acrylic and printed metals. Purchase of a Signature Series album includes a design session to help you select the perfect look for your album.

10x10 albums are \$100 each additional page, 12x12 albums are \$120 each additional page
